1	IGT Logo	Hyperlinked Image	On load, displays IGT Logo; on click user is taken to IGT home page.
2	Primary Navigation	Hyperlinked Image(s)	On load, displays primary navigation; primary navigation includes: "Games", "Hardware", "Systems", "Services & Solutions"
3	Login	Button	On load, button reads "Login"; on click user is taken to login page
4	Search (Global)	Search Field	On load, search field is blank; on click cursor becomes active in field
5	Bread Crumb	Hypertext link(s)	On load, bread crumb displays users current location within IGT.com; on load, IGT.com home page, bread crumb reads: "Current location: IGT.com"
6	Games Tab	Hyperlinked Image	On load IGT.com homepage, "Games Tab" is unselected; on hover background image is displayed; on load "Games" Page background image is displayed to denoted that tab is selected, "Games" sub-menu is displayed
7	Bread crumb	Hyperlinked Text	On load, denotes users current location within IGT.com; bread crumb reads: "Current location: IGT.com > Games", "Games" link is inactive; on click "IGT.com" link, user is taken to IGT.com home page
8	Video Reel	Hyperlinked Text	On load, "Video Reel" is displayed as selected, link is inactive
9	Bread crumb	Hyperlinked Text	On load, denotes users current location within IGT.com; bread crumb reads: "Current location: IGT.com > Games > Video Reel", "Video Reel" link is inactive; on click "Games" link user is taken to Games Page, on click "IGT.com" link, user is taken to IGT.com home page

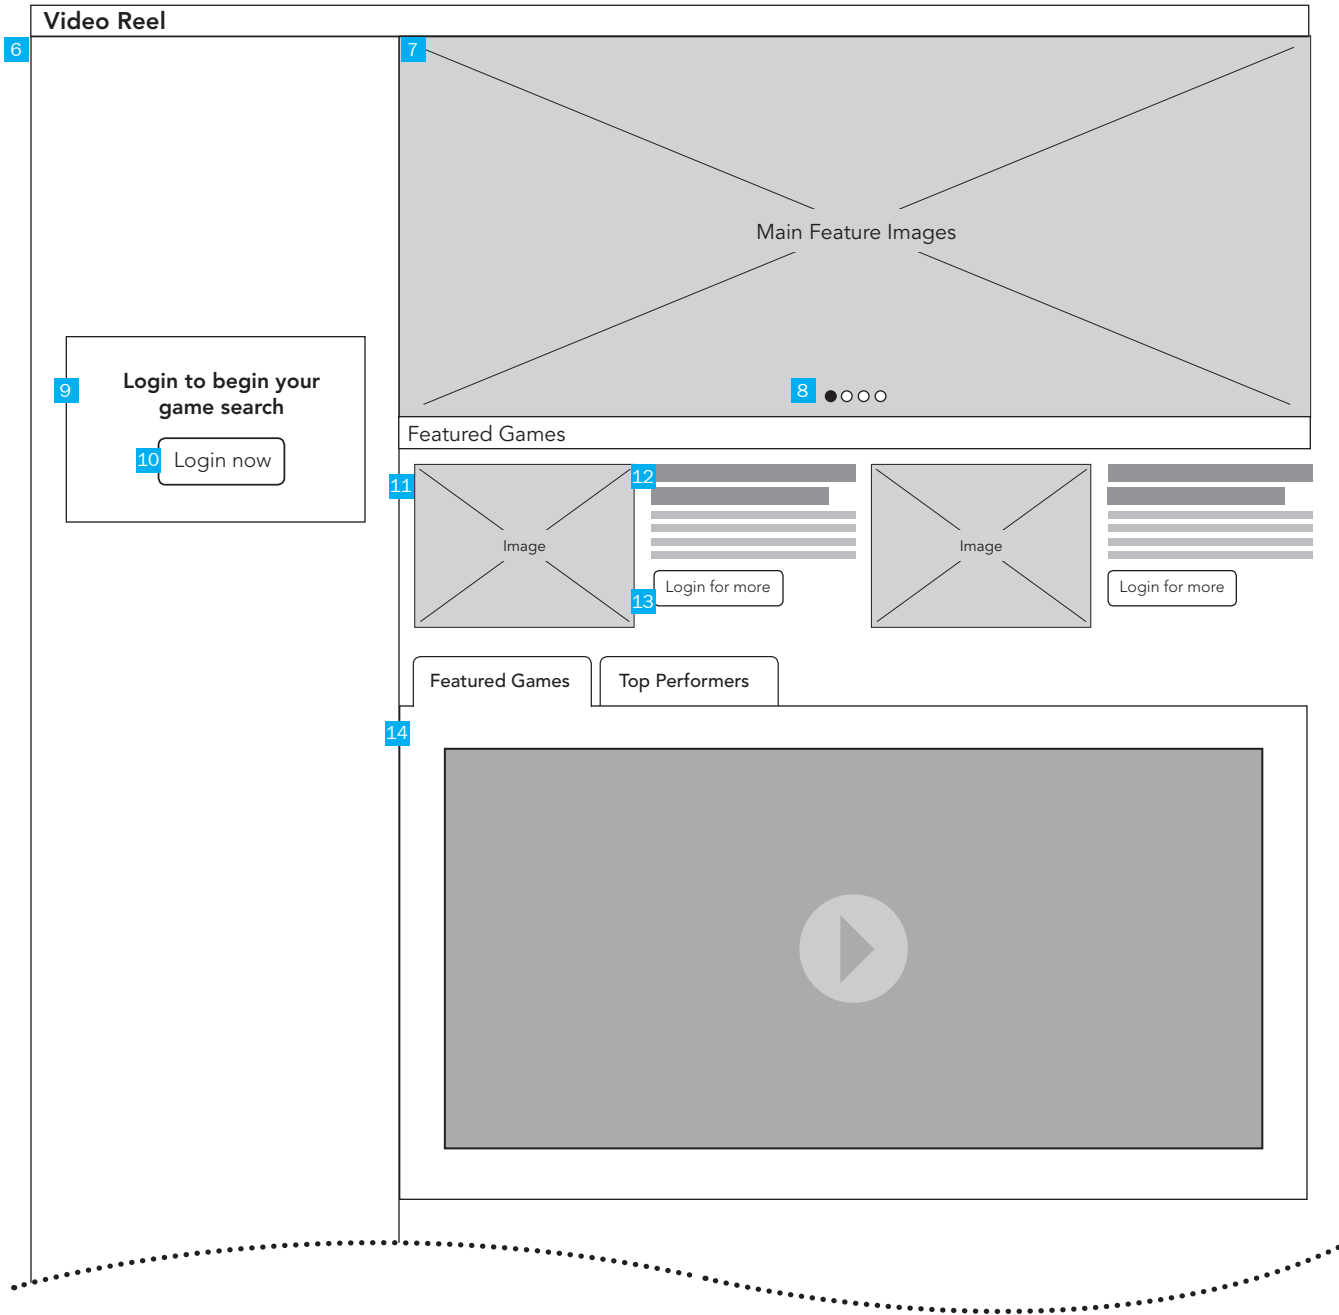

1.1.2 Games Product Category Page

Shown below is the logged out (Non-secure) state for the Product Line Category page(s); user will not have access to games search, jurisdiction or other games filters. Within the filter area the user is prompted to “Login to begin your game search”, at which time they will be granted full access to these components.

3 Current Location: IGT.com > Games > Video Reel

4 Games

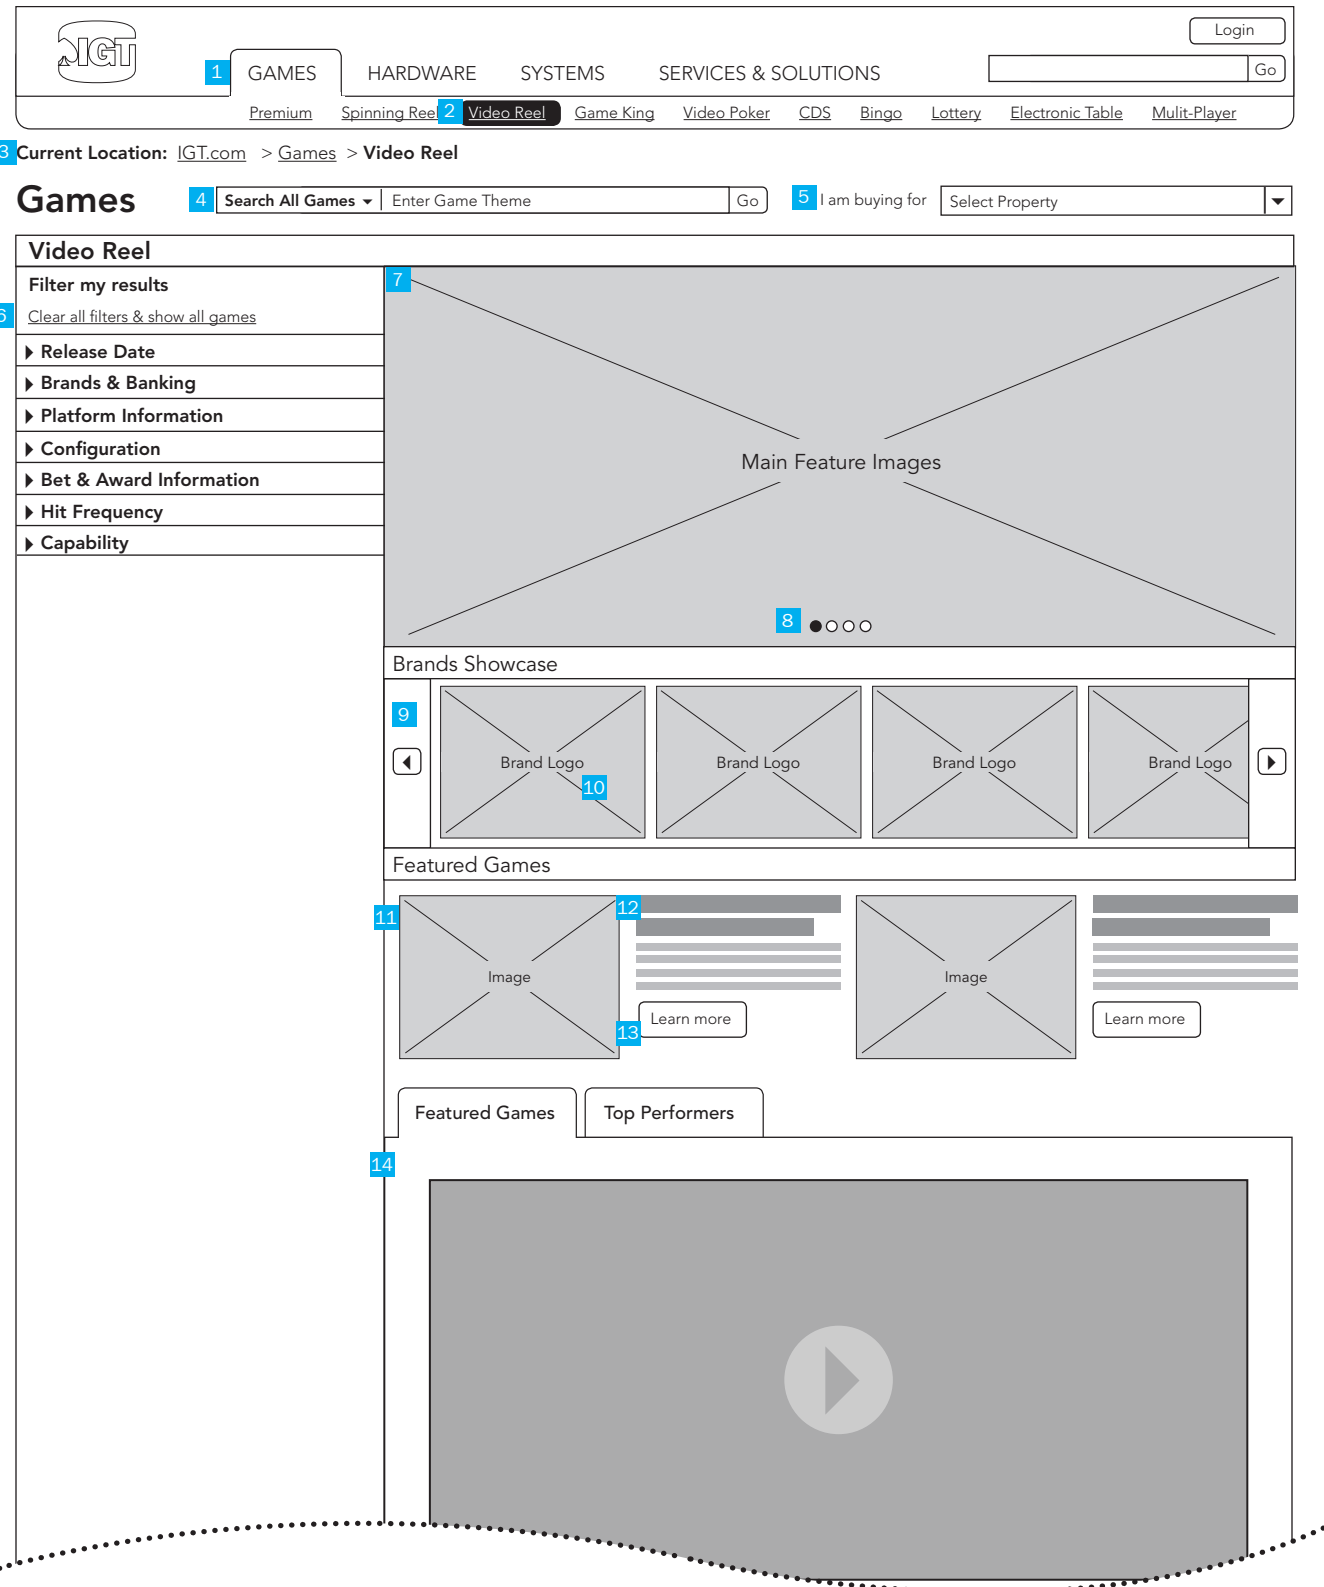

Functional Notes

ID	Element	Type	Description
1	“Games” Tab	Main Navigation Tab	On click user is taken to “Games” Home Page; background image renders to display selected state
2	Video Reel Tab	Main Navigation Sub-category	On click user is taken to “Video Reel” Category Page; background image renders to display selected state
3	Current Location	Breadcrumb	Displays current location of user on IGT.com
4	Video Reel	Page Title	On load, text reads: “Video Reel”
6	Filter my results	Game Library Search Filters	On load, filters are not displayed, user is prompted to login to continue forward
7	Main Feature	Slide show	On load, slide one will display; slides will rotate on 5 second delay; on click slide user is taken to selected product’s product page.
8	Slide show control	Hyperlinked images	On load, slide one circle image renders as selected; as slides rotate, related circle images will render as selected; on click, non-selected slide circles, slides will change to users selection.
9	Login prompt	Text	Prompt to alert user that they must login
10	Login Now	Button	On click, user is taken to login page
11	Featured Games Image	Image	On load, game catalog image will is displayed
12	Featured Game Product Title and text	Text	On load, product title and related is displayed
13	Login for more	Button	On click, user is taken to login page
14	Video Feature	Flash component	TBD

1.1.2 Games Product Category Page

Shown below is the logged in (Secure) state for the Product Line Category page(s); User is granted full access to Game Theme and Program Number search, in addition to jurisdiction and game filters.

Functional Notes

ID	Element	Type	Description
1	"Games" Tab	Main Navigation Tab	On click user is taken to "Games" Home Page; background image renders to display selected state
2	Video Reel Tab	Main Navigation Sub-category	On click user is taken to "Video Reel" Category Page; background image renders to display selected state; link is inactive
3	Current Location	Breadcrumb	On load, displays current location of user within IGT.com; breadcrumb reads: "Current location: IGT.com > Games > Video Reel"; "Video Reel" link is inactive; on click "Games" link, user is taken to Games page; on click "IGT.com" link, user is taken to IGT.com home page
4	Games Library Search	Search Field	On load, search field is set to "Search All Games"; search field watermark reads "Enter Game Theme"
5	Jurisdiction Filter	Combo box	User may control / select properties they wish to buy for; behaviors are shown on following pages
6	Clear all filters & show all games	Hypertext link	On click, user begins game search with no filters, all game themes are shown for particular category
7	Main Feature	Slide show	On load, slide one will display; slides will rotate on 5 second delay; on click slide user is taken to selected product's product page.
8	Slide show control	Hyperlinked images	On load, slide one circle image renders as selected; as slides rotate, related circle images will render as selected; on click, non-selected slide circles, slides will change to users selection.
9	Brands Showcase control	Hyperlinked image	On click, listed brands logos will ease left or right
10	Brand Logo	Image	On load, brand logo is displayed; on click user is taken to brand showcase page
11	Featured Games Image	Image	On load, game catalog image will is displayed
12	Featured Game Product Title and text	Text	On load, product title and related is displayed
13	Learn more	Button	On click, user is taken to featured product's product page
14	Video Feature	Flash component	TBD

Game Library (Game Theme) Search

Scenario 1:

On load, search field is set to "Search All Games"; watermark reads: "Enter a Game Theme"

Search All Games ▾	Enter a Game Theme	Go
--------------------	--------------------	----

Scenario 1, Step 2:

On click search field, cursor becomes active, user begins to type title of desired game theme. Autocomplete function expands from beneath search field displaying related selections to game theme title.

Search All Games ▾	Cleopa	Go
	Cleopatra	
	Cleopatra II	

Scenario 1, Step 3:

On hover, game theme selection, entire row within Autocomplete becomes highlighted. On click, Autocomplete collapses and selection appears within search field.

Search All Games ▾	Cleopa	Go
	Cleopatra	
	Cleopatra II	

Scenario 1, Step 4:

Users selection now appears within search field, user selects "Go" and is taken to game theme variation page.

Search All Games ▾	Cleopatra	Go
--------------------	-----------	----

Game Library (Program) Search

Step 1:

On load, search field is set to "Search All Games". This is the default search field state

Search All Games ▾	Enter a Game Theme	Go
--------------------	--------------------	----

Step 2:

User clicks on combo box, combo box expands and displays "Search All Program #(s)"

Search All Games ▾	Enter a Game Theme	Go
Search All Program #(s)		

Step 3:

On hover, "Search All Program #(s)" is highlighted; user clicks "Search All Program #(s)"

Search All Games ▾	Enter a Game Theme	Go
Search All Program #(s)		

Step 4:

On blur, combo box collapses and search field is set to "Search All Program #(s)"; watermark now reads: "Enter a Program or Paytable Number"; cursor is active in search field.

Search All Program #(s) ▾	Enter a Program or Paytable Number	Go
---------------------------	------------------------------------	----

Step 5:

User enters program # and clicks "Go". If user has entered incorrect program number, user error message will display. If user has entered correct program # user is taken to program # search result. If user has entered payable user will be taken to payable search result.

Search All Program #(s) ▾	GI014001U310006	Go
---------------------------	-----------------	----

Game Library Jurisdiction Filter

Step 1:

On load, Jurisdiction Filter combo box watermark reads: "Select a Property"

I am buying for

Select Property	▼
-----------------	---

Step 2:

On click, combo box expands to display properties and their associated jurisdiction; these properties are specific to the user's account, specified during their account creation.

I am buying for

Select Property	▼
Harrahs, Reno	NV
Harrahs, Las Vegas	NV
Steamboat	NJ

Step 3:

On hover property, property highlights; on click, user selects desired property

I am buying for

Select Property	▼
Harrahs, Reno	NV
Harrahs, Las Vegas	NV
Steamboat	NJ

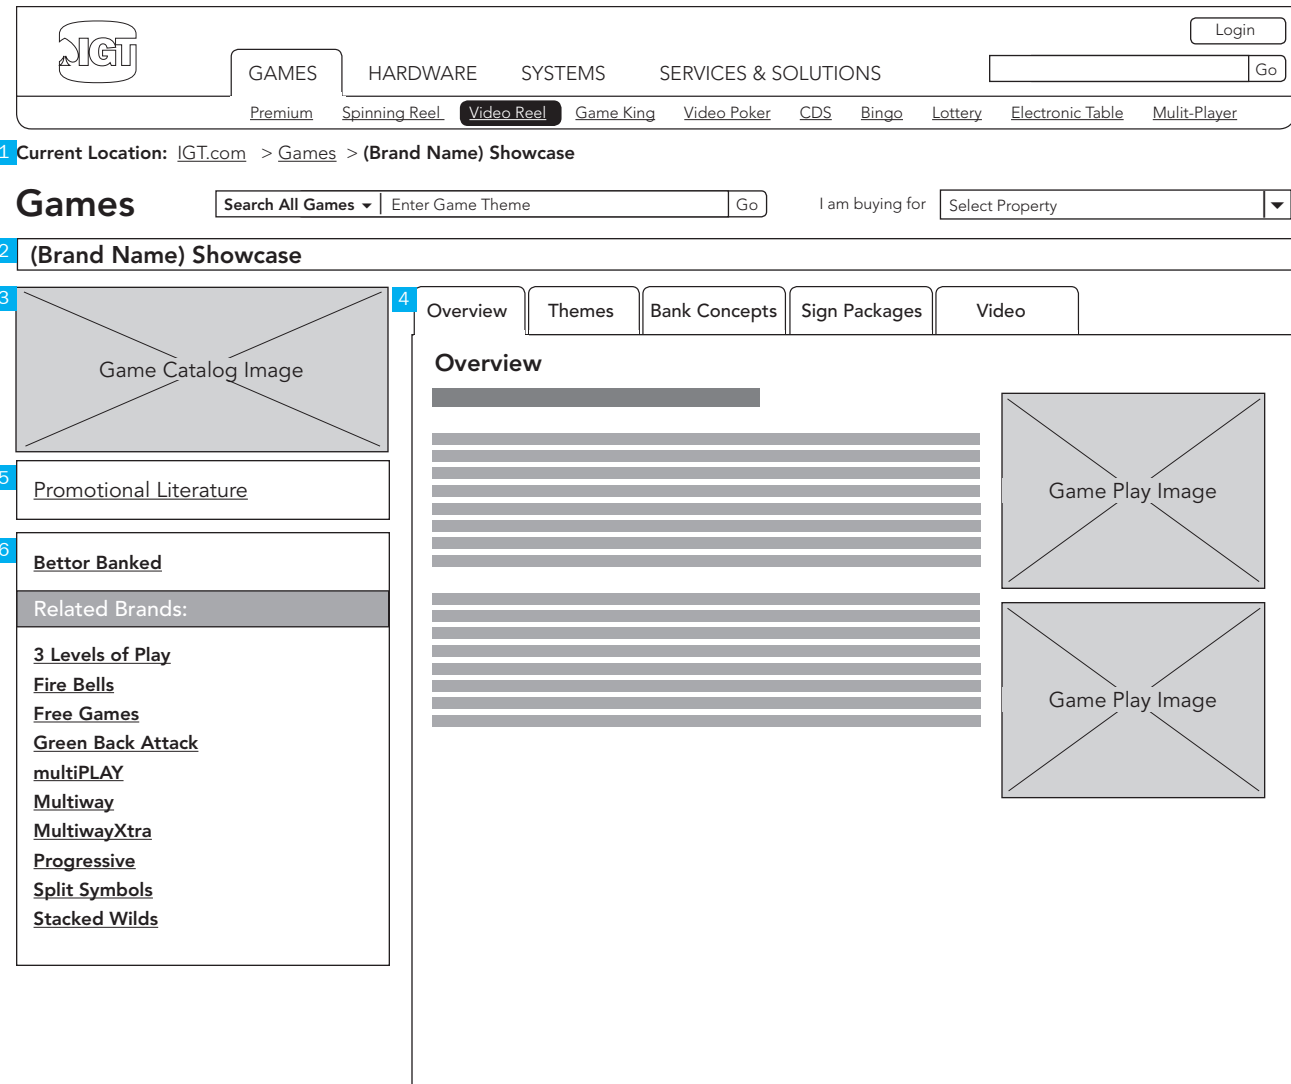

Step 4:

On blur, combo box collapses and now displays the selected property

I am buying for

Harrahs, Las Vegas	NV	▼
---------------------------	----	---

1.1.3.2.1 Brands Showcase (Basic) - Overview Page

Functional Notes

ID	Element	Type	Description
1	Breadcrumb	Hypertext link(s)	On load, denotes users current location within IGT.com; bread crumb reads: "Current location: IGT.com > Games > (Brand Name) Showcase", "(Brand Name) Showcase" link is inactive; on click "Games" link, user is taken to Games page; on click "IGT.com" link, user is taken to IGT.com home page.
2	(Brand Name)	Page Title	On load, denotes the brand showcase
3	Brand Logo	Image	Displays the brand logo
4	Overview	Tab	On load, "Overview" tab is selected
5	Promotional Literature	Hypertext link	On click user downloads promotional literature
6	Related Brands	Hypertext link(s)	On load, displays other related brands links

1.1.3.2.2 Brands Showcase (Basic) - Available Themes Page

Functional Notes

ID	Element	Type	Description
1	"Themes" Tab	Tab	On load, tab is selected
